Deja's Food Drive and the Class Pet Vote

Lesson 2 · Wednesday, November 11, 2026 · Your task list says which page to do and when.

Part 1: Word Power

Write the best word from the bank in each blank. One word is extra.

Word bank: dividend divisor quotient remainder multiple product

In 92 ÷ 4 = 23: 1. 92 is the _____ 2. 4 is the _____ 3. 23 is the _____

4. In 50 ÷ 8 = 6 R2, the 2 is the _____.

5. 24, 48 and 72 are each a _____ of 24.

Part 2: Long division

Divide, multiply, subtract, bring down. Write the check. Use grid paper if you need more room.

6. 774 ÷ 6 = _____ Check: _____

7. 853 ÷ 4 = _____ Check: _____

8. First list multiples of 23: 23, 46, _____, _____, _____, _____

9. 828 ÷ 23 = _____ Check: _____

Part 3: What does the remainder mean?

Deja has 158 cans. Each box holds 12 cans. Divide on grid paper first.

10. 158 ÷ 12 = _____

11. How many boxes does Deja need to pack ALL the cans? _____

12. How many FULL boxes can she deliver? _____

13. How many cans are left over? _____

Part 4: The Class Pet Vote

Malia: “A class hamster would teach us real responsibility. We'd take turns feeding it, cleaning its cage, and learning about how animals live. My cousin's class had a guinea pig, and everyone learned so much about caring for something besides themselves. It made the whole class feel closer, too.”

Theo: “I love animals, but a classroom isn't the best place for one. Someone has to remember to feed it every single day, including weekends and school breaks. A few kids in our class are allergic to fur, too. I think we should get a class fish tank instead. It's calming, and nobody's allergic to fish.”

14. Compare: How are Malia and Theo alike? Use the word *both*.

15. Contrast: How are their viewpoints different? Use the word *while* or *but*.

16. What is Theo's strongest evidence? Why is it strong?

17. Your viewpoint: How would you vote? Give one piece of evidence from the text, and name a compromise.

KCE PATHWAYS · GRADES 4–5 · UNIT 1: FIRST STEPS · WEEK 3 · READING

Making the Case

Name: _____ Date: _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Before the Slammed Door

Before you meet Marcus, warm up your reading brain — and your handwriting — on last week's skill AND today's new ones.

REV Quick Review from Week 2: In your own words, what does PERSPECTIVE mean? Write your answer in a full sentence.

1 Match each word to its meaning. Write the matching letter next to each word.

___ **cause**	**A.** Writing meant to convince someone
___ **effect**	**B.** The reason something happens
___ **persuasive**	**C.** What happens as a result

2 Handwriting Focus: Copy this sentence in your best cursive or print: “Calm facts often persuade better than loud feelings.”

3 Think of a time you tried to convince a parent or adult of something. Write 2-3 sentences about what you said and what happened.

KCE PATHWAYS · GRADES 4–5 · UNIT 1: FIRST STEPS · WEEK 3 · READING

Making the Case

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

The Deal

Marcus and his dad reached a compromise. Now show what you learned about cause/effect, persuasion, and theme — with your very best handwriting.

1. In 3-4 sentences, explain the CAUSE and EFFECT chain that led from the canceled trip to the final compromise. Use complete sentences and your neatest handwriting.

2. Find ONE physical detail from the story that shows Marcus is nervous, WITHOUT the text stating the feeling directly. Copy it exactly, word for word, in your best handwriting.

3. In your own words, write what this story's THEME is. Write in full sentences.

★ **Challenge:** Write a short PERSUASIVE paragraph (4-5 sentences) making a real case to a parent or guardian about something you'd like — using at least one piece of real "evidence" to support your case. Use your best cursive or print — this is a handwriting sample, so take your time!

Handwriting Check: Before turning this in, look back over everything you wrote today. Are your letters sitting on the lines? Are your capital letters and periods where they should be?

Looking Ahead: Next week, a new story and a new challenge — bring this sheet back to your next lesson!

KCE PATHWAYS · GRADES 4–5 · UNIT 2: THE NEXT LEVEL · WEEK 7 · MATH

Deja's Food Drive

Name: _____ Date: _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Before the Trucks Arrive

Deja's class ran a canned food drive for the whole month, and now every can needs to be divided evenly between local food pantries. Before you meet her, warm up your division skills.

1 Match each word to its meaning. Draw a line, or write the matching letter next to each word.

___ **divisor**	**A.** A smart, quick guess made by rounding first.
___ **dividend**	**B.** The number you are dividing BY.
___ **quotient**	**C.** Splitting a total so every group gets the exact same amount.
___ **remainder**	**D.** The answer to a division problem.
___ **equal groups**	**E.** The number being divided.
___ **estimate**	**F.** What's left over when a number doesn't divide evenly.

2 Warm up with a single-digit review: 96 ÷ 8 = ? Show your steps (divide, multiply, subtract, bring down).

3 Have you ever had to split something evenly among a group of people? Write 1–2 sentences about it.

KCE PATHWAYS · GRADES 4–5 · UNIT 2: THE NEXT LEVEL · WEEK 7 · MATH

Deja's Food Drive

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

Closing Out the Drive

Great work on today's lesson! Now show off what you learned about long division with 2-digit divisors.

1 A SECOND round of donations brings in 420 cans, still split between 24 pantries. How many cans per pantry, and is there a remainder?

2 On top of the 17 late cans from the lesson, 19 MORE cans arrive (36 extra total). Can all 24 pantries now get 1 more can each? Show your division to explain.

3 Extension: 675 ÷ 27 = ? Show every step (divide, multiply, subtract, bring down).

★ **Challenge:** Write your own real-world division word problem using a 2-digit divisor that leaves a remainder. Then solve it.

Looking Ahead: Next week we work with fractions that DON'T share a denominator — Sophia needs help planning her garden! Bring this sheet back to your next lesson.

KCE PATHWAYS · GRADES 4–5 · UNIT 2: THE NEXT LEVEL · WEEK 7 · READING

The Class Pet Vote

Name: _____ Date: _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Before the Vote

Mrs. Chen's class is voting on whether to get a class hamster. Two students, Malia and Theo, see it very differently. Before you read both sides, warm up your comparing brain.

1 Match each word to its meaning. Draw a line, or write the matching letter next to each word.

___ **viewpoint**	**A.** Specific facts or details that support an argument.
___ **compare**	**B.** The particular way a person sees or feels about something.
___ **contrast**	**C.** Writing meant to convince the reader to agree.
___ **reasoning**	**D.** To look at how two or more things are DIFFERENT.
___ **persuasive**	**E.** To look at how two or more things are SIMILAR.
___ **evidence**	**F.** The thinking or logic behind why someone believes something.

2 Think of a topic you and a friend or family member disagree on. Write ONE reason for YOUR side.

3 Have you ever had to see BOTH sides of a disagreement fairly, even if you didn't agree with one side? Write 1–2 sentences.

KCE PATHWAYS · GRADES 4–5 · UNIT 2: THE NEXT LEVEL · WEEK 7 · READING

The Class Pet Vote

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

After Reading Both Sides

Great work on today's lesson! Now show off what you learned about comparing and contrasting two viewpoints.

1. In 2–3 sentences, describe what Malia and Theo AGREE on, even though they disagree overall.

2. In 2–3 sentences, describe their main DISAGREEMENT — what's really different between their views.

3. Whose evidence did YOU find stronger, Malia's or Theo's? Explain your reasoning in 2–3 sentences.

★ **Challenge:** Write two short paragraphs giving BOTH sides of a real disagreement you or your class has faced.

Looking Ahead: Next week we figure out WHY a writer wrote something — that's called author's purpose! Bring this sheet back to your next lesson.

KCE PATHWAYS · GRADES 4–5 · UNIT 1: FIRST STEPS · WEEK 4 · READING

Splitting the Profits

Name: _____ Date: _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Before the Cash Box

Before you meet Priya and Jordan's disagreement, warm up your reading brain — and your handwriting — on last week's skill AND today's new ones.

REV Quick Review from Week 3: In your own words, what does COMPROMISE mean? Write your answer in a full sentence.

1 Match each word to its meaning. Write the matching letter next to each word.

___ **main idea**	**A.** The order events happen in a story
___ **summarize**	**B.** The single most important point
___ **sequence**	**C.** To retell something in far fewer words

2 Handwriting Focus: Copy this sentence in your best cursive or print: “Fair does not always mean exactly equal.”

3 Think of a time you worked on a project or task WITH a friend, sibling, or classmate. Write 2-3 sentences about how you split up the work.

KCE PATHWAYS · GRADES 4–5 · UNIT 1: FIRST STEPS · WEEK 4 · READING

Splitting the Profits

Name: _____ Date: _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

The Compromise

Priya and Jordan worked out a fair split. Now show what you learned about main idea, summarizing, and evidence — with your very best handwriting.

1. In 3-4 sentences, explain the MAIN IDEA of the story and at least two SUPPORTING DETAILS that back it up. Use complete sentences and your neatest handwriting.

2. Find ONE piece of EVIDENCE Jordan uses to explain why her contribution mattered. Copy it exactly, word for word, in your best handwriting.

3. Write a 2-3 sentence SUMMARY of the whole story, in your own words.

★ **Challenge:** Write a short story (4-5 sentences) about two people who worked on something together and had to figure out a fair way to split credit or reward — using at least one piece of "evidence" in your story. Use your best cursive or print — this is a handwriting sample, so take your time!

Handwriting Check: Before turning this in, look back over everything you wrote today. Are your letters sitting on the lines? Are your capital letters and periods where they should be?

Looking Ahead: Next week is the Unit 1 Checkpoint — a review of everything from Weeks 1 through 4! Bring this sheet back to review.

KCE PATHWAYS · GRADES 4-5 · UNIT 1: FIRST STEPS · WEEK 1 · SOCIAL STUDIES

How Do We Know About the Past?

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

What Do I Already Know About the Past?

Answer what you can. There are no wrong guesses on this page!

1. Name two ways people today can learn about something that happened 100 years ago.

2. Predict: What could an old clay pot found in the ground tell us about the people who used it?

3. Draw one object from your home that might help a historian 200 years from now learn about your life. Label it.

4. Circle one: A diary from 1850 is a **primary** / **secondary** source. Why do you think so?

5. What is one question you wonder about the past?

KCE PATHWAYS · GRADES 4-5 · UNIT 1: FIRST STEPS · WEEK 1 · SOCIAL STUDIES

How Do We Know About the Past?

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

Show What I Learned

Use evidence from the lesson in your answers.

1. Explain the difference between a primary source and a secondary source. Give one example of each.

2. How do wampum belts and oral history help the Haudenosaunee keep their history?

3. Frederick Douglass could not see his own birth record. Whose voice was missing from that record, and why does it matter?

4. Why did Carter G. Woodson start Negro History Week in 1926?

★ **Challenge:** Pick an event from your own family's history. List two different sources you could use to corroborate it (for example, a photo and a relative's memory).

Looking Ahead: Next week we travel back before 1492 to a great city near the Mississippi River, towns built into cliffs, and a nation that made a Great Law of Peace. Bring this question: How do we know about people who lived 1,000 years ago?
