Elena's Market Stand and The Sleep Study

Lesson 4 · Wednesday, November 11, 2026 · Your task list says which page to do and when.

Part 1: Word Power

Write the best word or words from the bank in each blank. One choice is extra.

Word bank: decimal point tenths hundredths decimal places per reasonable

In 7.53: 1. the 5 is in the _____ place 2. the 3 is in the _____ place

3. 2.4 × 0.3 has 2 _____ in all, so the answer is 0.72.

4. Peaches cost $2.85 _____ pound.

5. 20.4 is a _____ answer for 3.4 × 6, because 3 × 6 = 18.

Part 2: Multiply decimals

Estimate first. Multiply without the points. Count the decimal places. Put the point back. Use grid paper if you need more room.

6. 5.8 × 7 = _____ Estimate: _____

7. $3.45 × 6 = _____ Estimate: _____

8. 4.2 × 1.5 = _____ Estimate: _____

9. Half a pound of plums at $8.70 per pound: 0.5 × $8.70 = _____

Part 3: Elena's biggest order

A customer buys 2.5 lb of apples at $1.30 per pound, 3 jars of jam at $4.25 each, and half a pound of cashews at $6.80 per pound. She pays with a $20 bill. Work in the boxes.

Work for 10

Work for 11

Work for 12

10. Apples: $_____ 11. Jam: $_____ 12. Cashews: $_____

Work for 13 (line up the points!)

Work for 14

13. Total for the order: $_____ 14. Change from $20: $_____

Part 4: Two sources about Main Street

Source 1: “Because our town planted 200 new trees along Main Street, the sidewalks are shady in summer. As a result, more people walk to the shops instead of driving.”

Source 2: “The shops on Main Street had a problem: too few people came on weekdays. To solve it, the shop owners started a Wednesday evening market with music.”

15. Circle the text structure of Source 1.

cause and effect | problem and solution | sequence

16. Circle the text structure of Source 2.

cause and effect | problem and solution | sequence

17. Synthesize: write ONE sentence that uses both sources to explain why Main Street got busier. Name each source in parentheses.

18. Write one cause-and-effect sentence about your own bedtime. Use *because* or *as a result*.

KCE PATHWAYS · GRADES 4–5 · UNIT 2: THE NEXT LEVEL · WEEK 9 · MATH

Elena's Market Stand

Name: _____ Date: _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Before the Market Opens

Every Saturday, Elena helps run her family's vegetable stand. Everything is priced per pound — and almost nothing weighs a whole number of pounds. Before you meet her, warm up your decimal skills.

1 Match each word to its meaning. Draw a line, or write the matching letter next to each word.

___ **decimal**	**A.** A smart, quick guess made by rounding first.
___ **decimal place**	**B.** A number that uses a decimal point to show parts of a whole, like 2.4.
___ **tenths**	**C.** Naming the same amount two ways — 1/4 and 0.25 are equivalent.
___ **hundredths**	**D.** The FIRST place after the decimal point.
___ **equivalent**	**E.** A digit's position after the decimal point — tenths, hundredths, and so on.
___ **estimate**	**F.** The SECOND place after the decimal point.

2 Multiply 1.5 × 2 = ? Show your steps: ignore the decimal, multiply, then place the decimal point back.

3 Have you ever paid for something and had to figure out your change? Write 1–2 sentences about it.

Elena's Market Stand

Name: _____ Date: _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

After the Stand Closes

Great work on today's lesson! Now show off what you learned about multiplying decimals and converting fractions.

1 A customer buys 5 lb of sweet potatoes at $1.25/lb. What's the total? Show your work.

2 Convert 1/2 and 3/4 to decimals, then add them together.

3 Extension: a customer buys 2.5 lb of carrots at $2.40/lb. What's the cost? Show your work.

★ **Challenge:** Design your own farm stand price list with 4 items and decimal prices. Then write and solve a word problem using it.

Looking Ahead: Next week is the Unit 2 Checkpoint — a review of everything from Weeks 6 through 9! Bring this sheet back to review.

KCE PATHWAYS · GRADES 4–5 · UNIT 2: THE NEXT LEVEL · WEEK 9 · READING

The Sleep Study

Name: _____ Date: _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Before You Read

You're writing a report on whether middle schools should start later in the morning, using two sources built in two different ways. Before you read them, warm up your reading brain.

1 Match each word to its meaning. Draw a line, or write the matching letter next to each word.

___ **text structure**	**A.** Specific facts or details that support a point.
___ **synthesize**	**B.** The pattern a writer uses to organize information.
___ **cause & effect**	**C.** A text, study, or person that information comes from.
___ **problem & solution**	**D.** A structure showing WHY something happens and WHAT results from it.
___ **source**	**E.** To combine ideas from more than one source into one bigger understanding.
___ **evidence**	**F.** A structure that names a problem, then offers a way to fix it.

2 Read this sentence: “Because it rained all day, the game was canceled.” What TEXT STRUCTURE is this? Explain your answer.

3 Have you ever had to use TWO different sources of information to make a decision? Write 1–2 sentences about it.

KCE PATHWAYS · GRADES 4–5 · UNIT 2: THE NEXT LEVEL · WEEK 9 · READING

The Sleep Study

Name: _____ Date: _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

After Both Sources

Great work on today's lesson! Now show off what you learned about text structure and synthesizing.

1. Summarize Source A's structure and main point in 2–3 sentences.

2. Summarize Source B's structure and main point in 2–3 sentences.

3. Write ONE synthesized sentence combining both sources, including the tradeoff Source B mentions.

★ **Challenge:** Think of two sources on a topic YOU care about (real or imagined). Describe how you would synthesize them into one idea.

Looking Ahead: Next week is the Unit 2 Checkpoint — a review of everything from Weeks 6 through 9! Bring this sheet back to review.

KCE PATHWAYS · GRADES 4-5 · UNIT 1: FIRST STEPS · WEEK 3 · SOCIAL STUDIES

Cities, Roads and Kingdoms Before 1492

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

What Do I Already Know?

Answer with what you know right now. Guesses are welcome!

1. Long before 1492, where in the world do you think there were large cities or kingdoms? Name any you know.

2. Prediction: How could people build a big city on an island in a lake? List two problems they would need to solve.

3. Guess: Why would traders in West Africa cross a huge desert with camels? What might they carry?

4. Draw a camel caravan crossing a desert or a city on a lake. Label two parts.

5. Write one question you wonder about the world before 1492.

KCE PATHWAYS · GRADES 4-5 · UNIT 1: FIRST STEPS · WEEK 3 · SOCIAL STUDIES

Cities, Roads and Kingdoms Before 1492

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

What Did I Learn?

Use evidence from today's lesson. Write in complete sentences.

1. Explain how the Mexica solved one problem of living on an island. Use a lesson word: causeway, chinampa or aqueduct.

2. Why did gold and salt make Ghana, Mali and Songhai rich? Explain in your own words.

3. Compare: How were the Inca roads and the West African caravan routes alike? How were they different?

4. Whose story is missing? Most records name rulers like Mansa Musa. Name one group whose work built these societies but who is rarely named.

★ **Challenge:** Al-Umari's report is secondhand. Write one question you would ask an eyewitness in Cairo in 1324, and explain how the answer would help a historian.

Looking Ahead: Next week: When Worlds Met (1492–1600s). In 1492, Christopher Columbus arrived in the Caribbean, home of the Taíno people. Bring this question: when two worlds meet, who decides how the story is told?
