Games Director's Page

Name _____ Date _____/_____/_____

Here is your Games crew. Read each job out loud to the family.

Job	Who
Games Director (that's you!)	Ethan
Head Judge and Timer	Dad (Matt)
Scorekeeper and Measurer	Mom (Skyler)
Medal Designer and Artist	Joyce
Official Counter and Cheer Captain	Clyde

The events

Event	Day
Event 1 · Paper Airplane Distance How far does your plane fly?	Sat, Dec 19
Event 2 · Paper Airplane Hang Time How long does your plane stay in the air?	Mon, Dec 21
Event 3 · Sock Toss How many socks land in the basket?	Mon, Dec 21

The Respect Rules (read them out loud)

1. Bow or shake hands before and after every event.
2. Cheer for everybody, not only the winner.
3. Little-kid rule: Joyce and Clyde start _____ steps closer to the basket and _____ steps closer for the airplane throws.
4. Measure carefully. Write every number down exactly.
5. The Head Judge (Dad) has the final say.

The jiu-jitsu warm-up I will teach the family:

Winter Games Word Bank

Name _____ Date _____/_____/_____

Read each word and its meaning out loud. Use at least 2 of these words in your news report.

sportsmanship: playing fair and being kind, whether you win or lose

persevere: to keep trying, even when something is hard

accurate: exactly right, with no mistakes

data: facts and numbers that you collect

compete: to try to win against others

discipline: making yourself practice and follow the rules, even when you don't feel like it

⤵ FOLD HERE: fold the top of the page back on this line so the Word Bank is hidden ⤵

From memory: read the meaning, then write the word. Spell it exactly. No peeking!

Meaning	Try 1 · Fri, Dec 18	Try 2 · Sun, Jan 3
1. facts and numbers that you collect		
2. playing fair and being kind, whether you win or lose		
3. making yourself practice and follow the rules, even when you don't feel like it		
4. exactly right, with no mistakes		
5. to try to win against others		
6. to keep trying, even when something is hard		

Unfold and check. Try 1: _____ out of 6 Try 2: _____ out of 6

Flight School Math Warm-Up

Name _____ Date _____/_____/_____

Review of the math from this fall. Show your work in each box. Write your answer on the line, with the unit.

1. ✈️ A small plane flies 165 miles a day for 24 days. How many miles is that in all? Use the **standard algorithm**.

Answer: _____ **miles**

2. 🤺 A gym floor is 46 feet long and 37 feet wide. What is its area? Use an **area model**.

Answer: _____ **square feet**

3. 🤺 87 students line up in rows of 8. How many full rows are there? How many students are in the last, short row?

Full rows: _____ **Last row:** _____

4. ✈️ A flight lasts 140 minutes. How many hours and minutes is that? (60 minutes = 1 hour)

Answer: _____ **hours** _____ **minutes**

5. A student practices for ¾ hour on Monday and ⅔ hour on Tuesday. How long is that in all? Write it as a mixed number.

Answer: _____ **hours**

6. Plane A flies ¾ of the way down the hall. Plane B flies ⅝ of the way. Which plane flies farther? By how much?

Plane: _____ **By:** _____

7. Hang times: 2.4 seconds, 1.85 seconds, 2.09 seconds. Put them in order from **longest** to **shortest**. Tip: write 2.4 as 2.40.

Order: _____, _____, _____

8. A paper plane flies 2.5 meters. A bigger plane flies 1.4 times as far. How far does the bigger plane fly?

Answer: _____ **meters**

Event 1: Paper Airplane Distance

Name _____ Date _____/_____/_____

Grown-ups and Ethan stand behind the start line; Joyce and Clyde start closer (Little-kid rule, page 1). Everyone throws 3 times. Mom measures from where the thrower stood to the nose of the plane, to the nearest inch, and writes the number. Dad is Head Judge. Before you throw, write your estimate! (Joyce and Clyde just say “near” or “far,” and Ethan writes it.)

Pilot	Estimate (in.)	Throw 1	Throw 2	Throw 3	Best	Total of 3	Place
Mom							
Dad							
Ethan							
Joyce							
Clyde							

Place: the longest best throw is 1st, the next is 2nd, and so on to 5th. Tie? Both get the same place.

1. Who had the longest best throw? _____ How long? _____ inches

2. Longest best throw − shortest best throw = _____ − _____ = _____ inches

3. Ethan: what is the total of your 3 throws? _____ inches. Divide by 3 to find your average throw:

_____ ÷ 3 = _____ R _____ My average throw is about _____ inches.

4. Change your best throw into feet and inches (12 inches = 1 foot):

_____ ÷ 12 = _____ R _____ So my best throw was _____ feet _____ inches.

5. Was your estimate close? How far off was it?

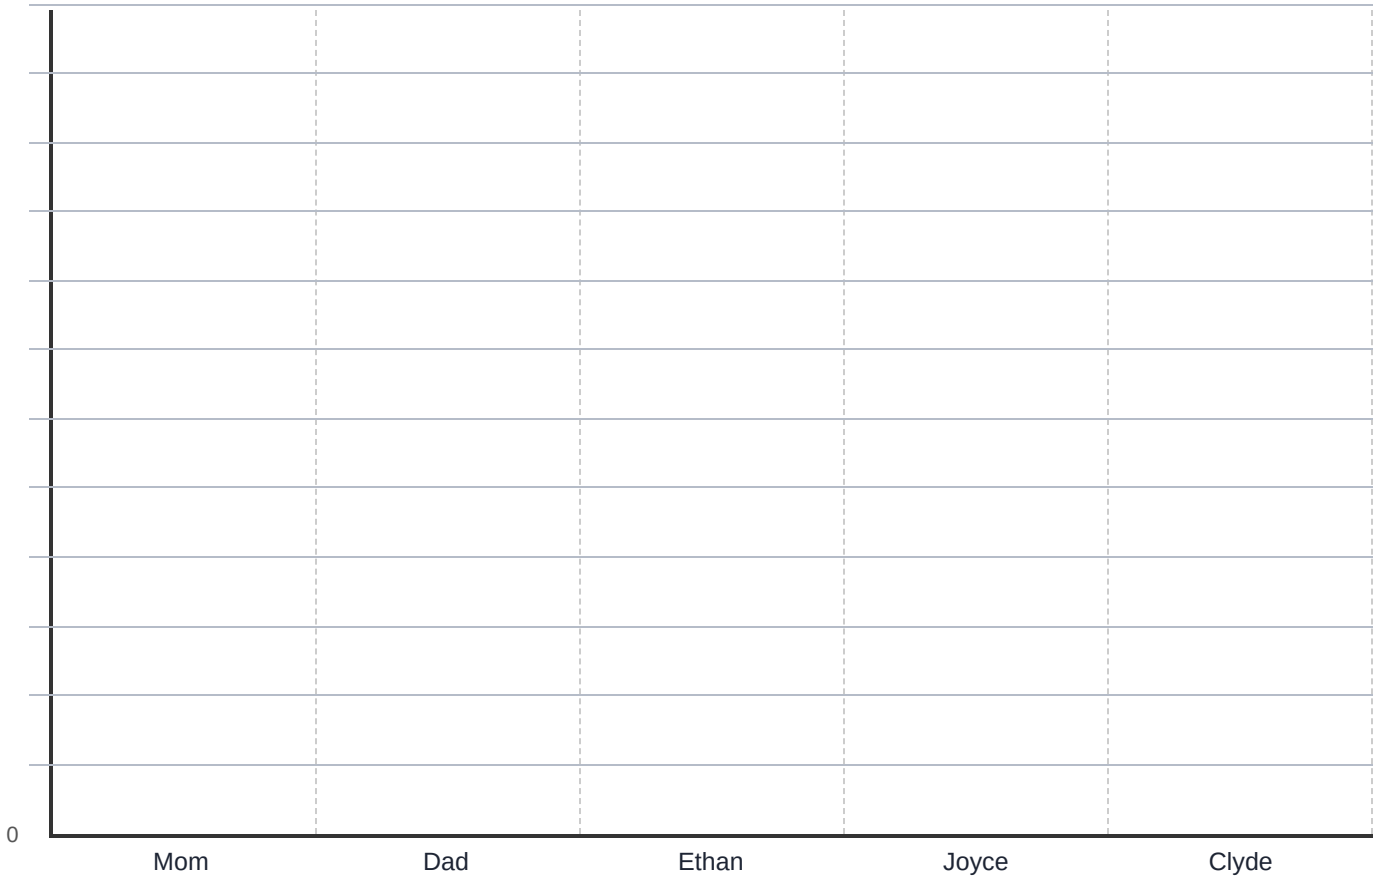

Event 1 Bar Graph: Best Throws

Name _____ Date ____/____/_____

Make a bar graph of each pilot's best throw from page 4. First pick a scale so the longest bar fits. Write the numbers up the left side, one next to each line (the bottom is 0).

My scale: each line = _____ inches. (Tip: the graph has 12 lines. If the longest throw is under 240 inches, try 20 inches per line. If it is longer, try 25 or 50.)

Title: _____

What does the graph show? Write a main idea sentence. Use a number from your data.

Events 2 and 3: Hang Time and Sock Toss

Name _____ Date _____/_____/_____

Event 2 · Hang Time

Throw the plane up and out. Dad starts the stopwatch when it leaves the hand and stops it when it touches the floor. Write the seconds with the decimal point, like 2.35.

Pilot	Try 1 (seconds)	Try 2 (seconds)	Best	Place
Mom				
Dad				
Ethan				
Joyce				
Clyde				

Place: the longest best time is 1st. Tie? Both get the same place.

Put the best times in order, longest to shortest:

_____ > _____ > _____ > _____ > _____

1st place − 2nd place = _____ **−** _____ **=** _____ **seconds** (line up the decimal points!)

Event 3 · Sock Toss

Mom, Dad and Ethan get 10 tosses. Joyce and Clyde get 6 tosses from closer. Clyde counts the socks that land in the basket.

Player	Socks in	Tosses	Fraction in	Place
Mom		10		
Dad		10		
Ethan		10		
Joyce		6		
Clyde		6		

Place: the biggest fraction in is 1st. Tie? Both get the same place. To compare fractions with different denominators, find a common denominator. **Example:** 7/10 and 4/6 → 21/30 and 20/30, so 7/10 is bigger.

Compare your fraction with Joyce's. Use a common denominator.

Mine: ____/____ = ____/____ Hers: ____/____ = ____/____ Who did better? _____

The Medals

Name _____ Date ____/____/_____

Joyce colors and decorates each medal. Ethan writes the 1st, 2nd and 3rd place names after the Points Table (page 8) is done. The Head Judge (Dad) picks Best Sportsmanship, Never Give Up and Loudest Cheerer. Cut out each medal and tape a ribbon or string on the back. Give them out at the Medal Ceremony.

Medal Designer: Joyce

1st Place
Gold
Winner: _____

2nd Place
Silver
Winner: _____

3rd Place
Bronze
Winner: _____

Best Sportsmanship
Winner: _____

Never Give Up
for the player who persevered
Winner: _____

Loudest Cheerer
Winner: _____

Points Table

Name _____ Date _____/_____/_____

Turn each place into points. 1st = 5 points, 2nd = 4, 3rd = 3, 4th = 2, 5th = 1. **Respect bonus:** 1 point for each event where the player bowed or shook hands before and after (the Head Judge decides). Then add. **Tie rule (all events):** players who tie get the same place and the same points, and the next player skips a place (two 2nds, then 4th).

Player	Event 1 points	Event 2 points	Event 3 points	Respect bonus (0 to 3)	Total
Mom					
Dad					
Ethan					
Joyce					
Clyde					

Champion of the Ferguson Family Winter Games: _____ with _____ points!

1. If there are no ties, how many place points are given out in one event?

5 + 4 + 3 + 2 + 1 = _____

2. How many place points are given out in all 3 events? _____ × 3 = _____

3. What is the most points one player could get, with every respect bonus?

(_____ × 3) + 3 = _____

4. Add up everyone's totals. Does it match 45 (from question 2) plus the respect bonuses? If not, was there a tie? Explain.

Quote Collector

Name _____ Date ____/____/____

Ask each question. Write their **exact words** inside quotation marks: "like this." Reporters copy quotes exactly, word for word. Read it back to check.

1. What was your favorite event? Why?

Mom: Dad:

2. What was the most exciting or funniest moment?

Mom: Dad:

3. How did it feel to win, or to not win?

Mom: Dad:

4. When did you see someone show good sportsmanship?

Mom: Dad:

Circle the 2 best quotes. You will use them in your news report.

Little Storytellers: The Games

Name _____ Date ____/____/____

Ask Joyce, then Clyde: *Tell me the story of the Winter Games. What happened first? What was the best part?* Write their words exactly, even the funny parts. Read it back to them to check you got it right.

Told by Joyce · Written down by Ethan

Joyce draws a picture here.

Told by Clyde · Written down by Ethan

Clyde draws a picture here.

Winter Games Report: Plan

Name _____ Date ____/____/____

A news report tells the most important facts first. Plan it here, then write it on page 12.

Headline (the main idea in a few words):

Lead sentence: answer Who? What? When? Where?

3 facts from your data (use real numbers from pages 4, 6 and 8):

2 quotes from page 9 (exact words, and who said them):

One thing from Joyce's or Clyde's story (page 10):

Ending sentence:

Word Bank words I will use: _____ _____

Winter Games Report

Name _____ Date ____/____/_____

The Ferguson Family Winter Games Report

By Ethan, Games Director · Art by Clyde

Headline:

Report:

Picture (Clyde):

Caption (Ethan):

Goals for 2027: Practice, Respect, Keep Going

Name _____ Date ____/____/_____

On the mat and in the sky, people get better by practicing a little every day. Ask each person: *What is one goal for 2027?*

Name	Goal for 2027
Mom	
Dad	
Joyce	
Clyde	

My 3 goals for 2027

✈️ Flight class goal:

How I will practice:

🥋 Jiu-jitsu goal:

How I will practice:

📚 School goal:

How I will practice:

Write one sentence that uses persevere or discipline.

Record Book Cover

Name _____ Date ____/____/____

The Ferguson Family Winter Games Record Book

GAMES DIRECTOR: ETHAN · DECEMBER 2026

Joyce and Clyde draw the Winter Games here.

Put the Record Book together in this order, then staple it:

☐ 1. This cover (page 14)

☐ 2. Winter Games Report (page 12)

☐ 3. Bar Graph (page 5)

☐ 4. Points Table (page 8)

☐ 5. Little Storytellers (page 10)

☐ 6. Goals for 2027 (page 13)

Presenting it (3 to 5 minutes):

1. Read your headline and lead sentence. 2. Show the bar graph and tell who won each event. 3. Name the champion and read one quote. 4. Read one of your goals for 2027.

Bring on Wed, Jan 6: ☐ the Record Book ☐ the other worksheet pages ☐ your paper airplane

🏅 The Ferguson Family Winter Games

Thu, Dec 17 – Tue, Jan 5 · Ethan presents it at **his first January lesson, Wed, Jan 6 (in person)**

What it is: Ethan is Games Director of a family Winter Games: Paper Airplane Distance, Paper Airplane Hang Time, and the Sock Toss. He records the data, makes a bar graph, scores the events, collects quotes, writes a news report, and puts it all in a stapled Winter Games Record Book. Every event starts and ends with a bow or a handshake.

Time: 10 to 25 minutes a day for Ethan (shown on each day). Dec 24, Dec 25 and Jan 1 are off.

Who is in it

Skyler Mom · Scorekeeper and Measurer	**Matt** Dad · Head Judge and Timer	**Ethan** Games Director · leads the project	**Joyce** Little sister · Medal Designer and Artist	**Clyde** Little brother · Official Counter and Cheer Captain

Supplies

- The 14 printed worksheets; plain paper for airplanes
- Tape measure, masking tape for a start line, a stopwatch (phone is fine)
- Rolled-up socks and a laundry basket; crayons, scissors, stapler, ribbon or string

Respect Rules

1. Bow or shake hands before and after every event.
2. Cheer for everybody.
3. Grown-ups and Ethan stand behind the start line; Joyce and Clyde start closer (Ethan decides how much).
4. Measure carefully. Write every number exactly.
5. The Head Judge (Dad) has the final say.

What to bring on Wed, Jan 6

The Record Book, the other worksheet pages, and Ethan's paper airplane.

Ferguson Family Winter Games

Week 1 · Get ready and Games Day 1 (Thu, Dec 17 – Sun, Dec 20)

Day	Whole family	Ethan	Done
Thu, Dec 17	**Family meeting** (10 minutes). Skyler reads "What it is" out loud. Ethan reads the Respect Rules. Everyone practices a bow and a handshake.	Read the crew out loud on **Games Director's Page** (page 1). Read the Word Bank (page 2) out loud. Teach the family one warm-up stretch from your jiu-jitsu class. ⏱ 20 min	☐
Fri, Dec 18	**Airplane workshop.** Everyone folds a paper airplane. Joyce and Clyde decorate theirs (a grown-up can help them fold).	Show the family how you fold your plane. Then **Word Bank, Try 1** (page 2): fold the page and write each word from memory. ⏱ 20 min	☐
Sat, Dec 19	**Games Day 1: Paper Airplane Distance.** Bow in. Tape a start line. Each person throws 3 times. Mom measures and writes the numbers. Dad is Head Judge: he watches the start line and has the final say.	Run the event. Make sure every throw is written on **page 4**, to the nearest inch. ⏱ 20 min	☐
Sun, Dec 20	No family part today.	Fill in the places and answer the questions on page 4. ⏱ 15 min	☐

Ferguson Family Winter Games

Week 2 · Games Day 2 and the holidays (Mon, Dec 21 – Sun, Dec 27)

Day	Whole family	Ethan	Done
Mon, Dec 21	**Games Day 2: Hang Time and Sock Toss.** Bow in. Dad times each flight. Mom writes the times. Clyde counts the socks that land in the basket.	Write every time and every score on **page 6**. ⏱ 20 min	☐
Tue, Dec 22	No family part today.	Fill in the places and answer the questions on page 6. Then **Flight School Math Warm-Up** (page 3), problems 1 and 2. ⏱ 20 min	☐
Wed, Dec 23	No lesson today. Joyce colors and decorates the **medals** (page 7). The Head Judge (Dad) picks Best Sportsmanship, Never Give Up and Loudest Cheerer.	**Points Table** (page 8): turn places into points and find the champion. Write the winners' names on the medals. ⏱ 20 min	☐
Thu, Dec 24 – Fri, Dec 25	**Off.** Family days. Enjoy the holiday!		☐
Sat, Dec 26	**Medal Ceremony** (10 minutes). Bow, shake hands, and give out the medals. Everyone cheers.	After the ceremony: **Quote Collector** (page 9). Interview Mom and Dad. Write their exact words. ⏱ 20 min	☐
Sun, Dec 27	**Story time.** Joyce tells Ethan the story of the Games.	**Little Storytellers** (page 10, top half): write down Joyce's story. Then **Flight School Math Warm-Up**, problems 3 and 4. ⏱ 20 min	☐

Ferguson Family Winter Games

Week 3 · Write it and show it (Mon, Dec 28 – Wed, Jan 6)

Day	Whole family	Ethan	Done
Mon, Dec 28	Clyde tells Ethan the story of the Games.	**Little Storytellers** (page 10, bottom half): write down Clyde's story. Then **Flight School Math Warm-Up**, problems 5 and 6. ⏱ 20 min	☐
Tue, Dec 29	No family part today.	Make the **bar graph** (page 5) from the best throws on page 4. ⏱ 20 min	☐
Wed, Dec 30	No lesson today. Everyone shares one goal for 2027.	**Goals for 2027** (page 13). Then **Flight School Math Warm-Up**, problems 7 and 8. ⏱ 25 min	☐
Thu, Dec 31	No family part today.	**Report Plan** (page 11). ⏱ 20 min	☐
Fri, Jan 1	**Off.** Happy New Year!		☐
Sat, Jan 2	Clyde draws the picture for Ethan's news report (page 12).	Write the **Winter Games Report** (page 12). ⏱ 25 min	☐
Sun, Jan 3	Mom listens to Ethan read his report.	Read your report out loud to Mom. Fix spelling, capital letters and punctuation. Then **Word Bank, Try 2** (page 2). ⏱ 20 min	☐
Mon, Jan 4	Joyce and Clyde draw on the **Record Book cover** (page 14).	Put the **Record Book** together in the order on page 14. Staple it. ⏱ 20 min	☐
Tue, Jan 5	**Practice show.** The family sits and listens. After Ethan presents, each person says one thing they liked.	Present the Record Book in 3 to 5 minutes. Look at the family, not only at the pages. Then pack your bag: the Record Book, the other worksheet pages, and your paper airplane. ⏱ 20 min	☐
Wed, Jan 6	First January lesson, in person. Send the Record Book with Ethan.	Present the Record Book to Jonathan (3 to 5 minutes). Bring your paper airplane for a demo flight!	☐

Answer Key (for parents)

Flight School Math Warm-Up (worksheet page 3). The event pages use your family's own numbers, so check those by redoing the math together. Points Table check: with no ties, each event gives out 5 + 4 + 3 + 2 + 1 = 15 place points, so 3 events give out 15 × 3 = 45. The most one player can get is (5 × 3) + 3 = 18.

Flight School Math Warm-Up

#	Answer
1	165 × 24 = 3,960 miles (165 × 4 = 660; 165 × 20 = 3,300; 660 + 3,300 = 3,960)
2	46 × 37 = 1,702 square feet (40 × 30 = 1,200; 40 × 7 = 280; 6 × 30 = 180; 6 × 7 = 42; total 1,702)
3	87 ÷ 8 = 10 R7: 10 full rows, and 7 students in the last row
4	140 ÷ 60 = 2 R20: 2 hours 20 minutes
5	3/4 + 2/3 = 9/12 + 8/12 = 17/12 = 1 5/12 hours
6	Plane A. 3/4 = 6/8, and 6/8 − 5/8 = 1/8 of the hall
7	2.4 s, 2.09 s, 1.85 s (2.40 > 2.09 > 1.85)
8	2.5 × 1.4 = 3.50 meters (25 × 14 = 350, then 2 decimal places: 3.50)
