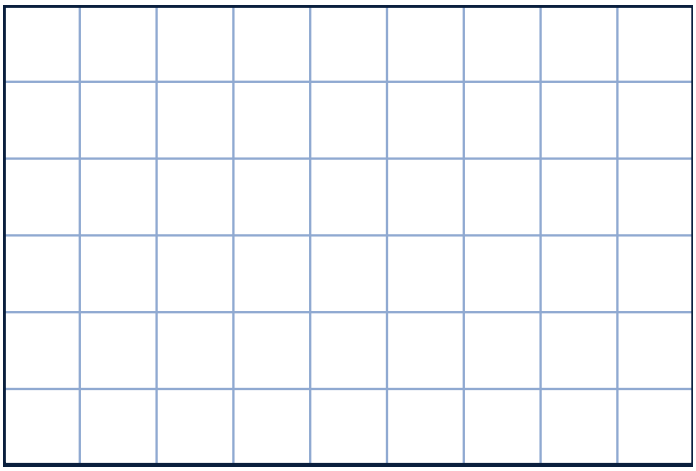
Friday. Work each problem on the grid: **one digit in each square**. Estimate first. Then multiply with partial products, add them, and compare with your estimate.

1 57 × 34

My estimate: ☐

Round, then multiply: 60 × 30

Close to my estimate? **Yes · No**

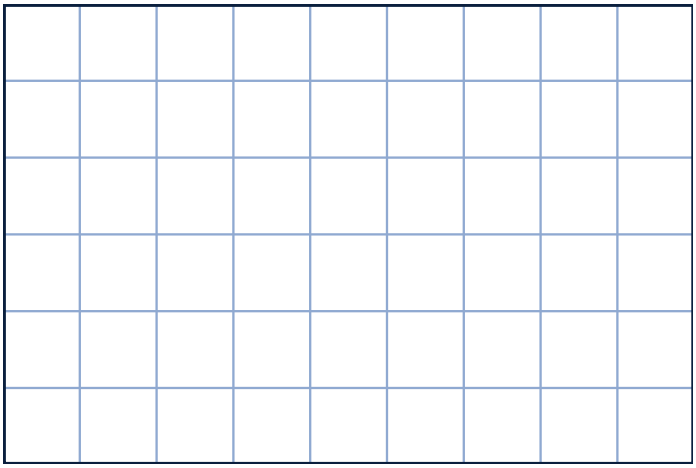


2 83 × 46

My estimate: ☐

Round, then multiply: 80 × 50

Close to my estimate? **Yes · No**



3 124 × 23

My estimate: ☐

Round, then multiply: 120 × 20

Close to my estimate? **Yes · No**
